Monday 15th April

Dear Parents,

Throughout the year, we aim to expose our children to the huge world of different jobs and career paths that exist. We feel it is important to support the aspirations of our children and enable them to find out more about the wide range of careers that are available to them in the future. We hope that we could spark an interest that could begin their journey to a lifelong career in a job that they never knew existed!

'Aspirations week' will be taking place the week beginning Monday 20th May. This year, our primary focus is to introduce our children to a range of careers and future job prospects that involve Mathematics - this is where we need your help!

Do you (or anyone you know) have one of the following careers? Or another career that uses Mathematics?

- Medical professional
- Meteorologist
- Scientist
- Analyst
- Architect
- Market researcher
- Accountant
- Lecturer
- Engineer
- Secondary school teacher
- Palaeontologist

Together in truth and faith we learn and grow as God's family

St Francis Catholic Primary School

Headteacher: Mrs G. Gibbons
Highcliffe Road, Morley, Leeds, LS27 9LX
Telephone: 0113 323 0554
E-mail: office@stfrancismorley.org.uk
Website: www.stfrancismorley.org.uk

- Game designer
- Statistician
- Researcher
- Software developer
- Solicitor
- Emergency responder
- Social worker
- Counsellor

If you or anyone you know works as any of the above (or similar) professions, and are willing to speak to a class or a few classes about your / their job, please send me an email to o.pearson@stfrancismorley.org.uk. The discussion with the children can take place either face to face or virtually via Zoom, for instance.

The children always enjoy events such as these and we would gratefully appreciate your help.

Thank you for your continued support.

Yours sincerely,

Mrs O Pearson
