Number Heroes Competition

Dear Parents

As part of National Numeracy Day (Wednesday 22nd May), every child is invited to take part in a nationwide 'Number heroes' competition. Details of the competition are as follows:

When you grow up, how will you use numbers in your life? Maybe you would love to do an exciting job like a firefighter, fashion designer, or footballer? Or do you dream of dancing, or deep-sea diving?

Let your imagination run wild and create a picture of how you will use numbers in your dream job or hobby.

Your picture will be in with a chance to win a fantastic prize and one of six prize bundles worth £1000 for our school!

There are six categories (EYFS, Y1/2, Y3/4, Y5/6, Y7/8 and SEND), and one winner in each category will receive:

- A Number Heroes prize pack worth at least £1,000. This will go to the winner's school. Each prize pack contains all the games, books and resources you need to get everyone in your community feeling like a Number Hero! The prize packs are provided by National Numeracy, KPMG, Numberblocks, Numbots, Sweet Cherry Publishing, Times Table Rock Stars and White Rose Education.
- A £50 gift voucher and certificate for the child who created the winning entry.

Three runners-up in each category will win:

- A £20 gift voucher and certificate for the child who created the entry.

Together in truth and faith we learn and grow as God's family

Website: www.stfrancismorley.org.uk

To take part, please follow these instructions:

1. On A4 paper, create a picture of yourself doing your dream job or hobby – you can draw, paint, collage, use a computer, or use any other way you would like to create your picture!
2. Also explain how you will use numbers in your dream job or hobby on the A4 sheet.
3. Don't forget to add your first name, last initial, and age to the front of the sheet.
4. Hand in your entry to Mrs Pearson before Friday 24th May. This can be via your child's class teacher or to the main school office.

Please note that by submitting your child's entry you agree to allow National Numeracy to use them to promote the competition and National Numeracy Day, online and in media. This may display their first name, last initial and age. If you submit a winning entry or runner-up, we will also post the name of the school on our website and social media.

Good luck children!

Thank you for your continued support.

Yours sincerely

Mrs Pearson
Maths subject leader
